Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Tuesday 26 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Wet, windy and cloudy, remaining mild.

This Evening and Tonight:
A very windy evening with frequent gusts and the risk of near gales along exposed coasts. Feeling very mild under cloudy skies throughout, with rain pushing into Cumbria overnight with some heavy bursts at times. Minimum temperature 14 deg C (57 deg F).

Wednesday:
Rain across Cumbria first thing and persisting for much of the day, with some heavy bursts. Mostly dry, but cloudy further south across the region. Remaining windy but mild. Maximum temperature 16 deg C (61 deg F).

Outlook for Thursday to Saturday:
Remaining unsettled and breezy through to the end of the working week with further outbreaks of rain, heavy and prolonged at times. Drier and feeling fresher on Saturday.
